IS KILLED BY A FALLING ENGINE

Lewis Baum, Age 24, Electrician With Ziedman and Pollie, Meets Death Early Sunday

EVERY BONE IN HEAD BROKEN

Earl Hall, Age 30, Fellow Workman, is Seriously Hurt—Widow and Two Children Here

Lewis Baum, 24 years old, electrician of the merry-go-round of the Ziedman and Pollie carnival company, which showed here last week, was instantly killed and Earl Hall 30, a fellow workman was seriously hurt early Sunday morning when the heavy engine of the merry-go-round slipped from the skids and fell on them as it was being loaded into a car near the Big Four station.

The engine was being placed in a car preparatory to being shipped to Greensburg. The front part of the engine had just reached the car door when the skids slipped and the weight of the engine was so heavy that the workmen could not stop it from falling and Baum was caught in the crush. He had his back and shoulders to the engine, pushing and when the engine fell he was caught and pushed over on his face, the weight of the engine falling on his head.

His skull was mashed almost to a pulp and death was probably instantaneous. The engine weighed about 3,500 pounds. Hall, his companion, was struck on the head and shoulder but his injuries will not prove fatal unless something unforeseen develops. Hall was rendered unconscious and for a time it was believed that he was fatally hurt. He was removed to the home of Harry Pea in West First street. Hall spent a good night and was able to sit up today.

Hall's home is in Grand Rapids, Mich., and his wife who travels with him was at his bedside. The case of Baum is pathetic and his death cast a deep gloom over the other members of the carnival company and the community. He is survived by his widow and two children, who were here with him.

Efforts thus far to locate any of Baum's relatives have failed. He was born in Sheboygan, Wis., and until three years ago his parents lived there. A message was sent to Sheboygan Sunday and it was learned that his parents moved from there about three years and their present whereabouts is unknown.

Since leaving Wisconsin Baum had resided in Pennsylvania, for several years had traveled with carnival companies and had been with the Ziedman and Pollie company for some time. He was an expert workman and was well liked by all of the people connected with the company.

Coroner Green conducted an investigation yesterday, but has not yet made his verdict. He will probably find that the accident was unavoidable as no blame is attached to any of the fellow workmen. The same method of loading the engine had been followed in the past. Baum, standing with his back to the engine, had no chance to escape when the skids slipped under the weight.

Baum's funeral was held at 2:30 o'clock this afternoon in the chapel at George C. Wyatt and company's store. Burial took place at East Hill. The executive committee of the Centennial sent flowers and several of them and other business men called on the bereaved widow Sunday afternoon. A number of merchants attended the funeral this afternoon.

Arrangements are being made to send the widow and two children to the home of her mother in Pittsburgh, Penn., because she was left

TWO NEGROES ARE LYNCHED TODAY

Frank Kingley, Who Assaulted Woman at Paducah, Ky., One to Feel Mob's Wrath

POLICE EFFORTS UNAVAILING

(By United Press)

Paducah, Ky., Oct. 16.—Frank Kingley, negro, identified by Mrs. Etta Rose as the man who attacked her last Friday and Jesse Thornhill, a negro who said he would have done the same thing, were taken from jail by a mob of 2,000 men today and hanged. Their bodies were burned.

Entrance to the jail where Kingley was held was gained by sledgehammers when the mob overcame the patrol of the police which had been thrown about the place to protect the prisoners.

Judge Reed addressed the mob, which gave him a hearing, and then went about his work. Kingley was arrested by the Paducah police who tried to keep it a secret but a crowd soon formed about the jail.

A patrol was thrown about the jail by order of Judge Reed but the police made little resistance because they realized there would be bloodshed. After getting the prisoners the mob took them to Mrs. Rose's home for identification. From there they were taken to the outskirts of the city.

DIES AT CRAIGMONT.

Mrs. Elizabeth Pea, who was sent to Craigmont, the insane hospital at Madison, from here, died there today, and the remains will reach here tomorrow. Three sons survive.

REPUBLICANS TO TOUR COUNTY

Climax Will Come at Night With Address by Congressman W. E. Humphreys of Washington

CARAVAN SPLITS AT MILFORD

Half Goes East and Half to West, Joining at Carthage—New, Comstock and Others

One week from today Monday Oct. 23, the republicans will tour the county and on that night a monster meeting will be held in this city. All of the arrangements have been completed. The same plan will be followed as used two years ago. Speakers on the tour will include Harry S. New, republican candidate for senator, Judge D. W. Comstock, candidate for congress, Edgar Bush, candidate for lieutenant governor, Arthur R. Robinson and others.

The night meeting to be held at the Graham Annex auditorium will be addressed by W. E. Humphreys, congressman from the state of Washington. This will be one of the largest meetings of the campaign. In addition to this array of speakers, Montaville Flowers a platform lecturer and chautauqua speaker of note will be the principal speaker at the Carthage meeting at two o'clock that afternoon.

The auto caravan touring the county will leave here at 9:30 o'clock next Monday morning, making Milford for the first stop at ten o'clock. At Milford the party will divide, one half going westward through Moscow and the other half circling to the east through New Salem, Glenwood, Falmouth, Raleigh and Mays. The western branch will make stops at Moscow, Homer, Manilla and Arlington.

Both divisions will meet at Carthage. At two-fifteen o'clock Mr. Flowers will address the Carthage meeting. From Carthage the tourists will come to this city where the republicans from all over the county will unite in hearing Congressman Humphreys of Washington.

The speakers will divide at Milroy so that the people of all the towns will hear good addresses. The afternoon meeting at Carthage promises to be one of the best of the campaign. Mr. Flowers is an orator of note and consented to make a few addresses in this state in behalf of the republican ticket. Chairman Riggs was fortunate in securing him for this county.

The county tour will be one of the big things of the campaign but the campaign is not to end or start with this. Tomorrow night Ed Toner of Anderson, a progressive in 1914, will address a meeting at Falmouth. Mr. Toner is an effective speaker and a large crowd is promised. Judge Harvey of Indianapolis will also speak at Mays. On Wednesday night F. E. Jaynes of Wabash will speak at Carthage. A. J. Ross and Judge Harvey will speak at New Salem Thursday night.

On Oct. 26 Gurley Brewer of Indianapolis will deliver a political address to the colored people of this city and on the following night, he will speak at Carthage. Brewer is one of the best colored orators in the state and a large crowd is sure to hear him at both of these meetings.

MISFITS IN THE PRIZE DRAWING

Women Persist in Winning Men's Suits and Men Have Hankering for Women's Hose

ALL IS ADJUSTED HOWEVER

Six Persons Forfeit Prizes by Not Being Present—Three Win Two Prizes Each

There were many misfits in the drawing of merchandise Saturday afternoon, but all was satisfactorily adjusted when it came to settlement with the merchants. Women persisted in winning men's suit and shaves and hairnets, and men seemed to have a hankering for silk hose and the like. Only six persons forfeited their right to prizes by not being present and only three won more than one prize.

J. Hooker Wilson was second at Hargrove and Mullin's and at Norris and Flint's. Mrs. Alva Newhouse was second at Oneal's and Cosand's. Fern Finley won prizes at Joe Dickman's and Comella's shoe shop.

Lillian Jones won a hair cut and shave at the Arcade barber shop but was not present and it went to a man. Margaret McDaniel lost sixth at Oneals by not being on hand. Mrs. Charles Todd took first at Norris and Flint's, entitling her to a haircut, shave, shampoo and tonic.

Estella Roth's name was first out of the Weeks' ballot box, but she did not answer to her name.

A woman was bound to have the O. P. C. H. suit or overcoat. Lorine Bird won it first, and when she did not respond, another name, Mrs. W. H. Reeves, was called. Cary Jackson lost the prize at Allen's by not being present and the same thing happened to Earl Mariatt at Havens' grocery. Will Joyce won fifth at Comella's but wasn't there. Ben Adams took the prize at Aldridge's but did not answer to his name.

B. W. Riley won a pair of silk hose at Horatio Havens and J. Frank Mauzy took the prize of a plume at Plough's. Reba Beale is entitled to a haircut, shave, shampoo and tonic at Winbourne's because she won first. S. L. Newhouse won a woman's silk union suit at Callaghan's. Edith Keiser won a pair of men's corduroy trousers.

The list of prizes awarded is as follows:

Mulno's clothing store—Edith Kesier—a pair of corduroy trousers worth \$3.50.

99 Cent store—1st, Mrs. Warren P. Elder, 12 inch cut glass vase; 2nd, 10 inch cut glass.

Bodine's shoe store—Anna Geraghty, pair of boy's gun metal shoes. Callaghan's store—1st, S. L. Newhouse, a silk union suit worth \$2.75; 2nd, Lena Vahn, pair of blankets worth \$3.00; 3rd, pair of silk hose, Dena Reynolds.

Boxley's piano store—Walter Duke, choice of half dozen disc phonograph records or half dozen piano player music rolls.

Bussard's garage—Mrs. John D. Hiner, an automobile bumper.

Abercrombie's jewelry store—J. T. Arbuckle, a man's gold watch.

Ball and Beabout, dry cleaners—1st, B. O. Simpson, suit dry cleaned and pressed; 2nd, Mrs. Walter Hubbard, the same.

Kennard's jewelry store—Miss Axine Dickman, pair of mahogany candle sticks.

Arcade pool room—1st, Ray Hantsinger, box of 50 cigars; 2nd, hair cut and shave by Floyd, the barber, John Frazier.

FIRST WOMAN TO BE MEMBER OF THE BAR

Mrs. Beulah Staples Stevens is Admitted as an Appreciation of Her Services.

DEPUTY CLERK FOUR YEARS

The Rush County Bar association has a woman member, the first in the long history of the association. Mrs. Beulah Staples Stevens, deputy clerk of the court, was this morning admitted as a member and sworn in by Judge Sparks.

The motion was made by Frank J. Hall and the action was not expected on the part of Mrs. Stevens. She was at work in the clerk's office and the court sent the bailiff for her. The action was a surprise, but she met the occasion by sending out for apples and cigars, which were passed around to the attorneys witnessing the ceremony.

Mrs. Stevens has no intention of practicing law and the honor came as a tribute for her services during the past four years. Clerk Taylor and his deputy will retire on December 1st.

DECLARES LAW WAS VIOLATED

Cyrus Hilligoss Brings Suit Against R. T. VanValkenburg and J. M. Neal for \$3,000.

PATENT RIGHT IS INVOLVED

Cyrus Hilligoss has filed suit against Randall T. VanValkenburg and John M. Neal, demanding damages in the sum of \$3,000. The complaint for damages is based on the sale of the patent right to a gate. It is alleged that on June 13, 1913, the defendants, who were traders and speculators, sold Hilligoss the patent right to a farm gate. In payment he is alleged to have given two notes, one for \$2,000 and the other for \$550 and to secure payment his wife, Lillie Hilligoss, executed a mortgage on her farm.

It is alleged that the defendants did not comply with the law which specifies that in selling a patent right papers must be filed with the clerk of the court. The complaint states that on August 7, 1913, the defendant sold the notes to B. F. Miller at a discount and that Hilligoss in taking up the notes paid Miller approximately \$2,650. He claims he was damaged in the sum of \$3,000 because the defendants did not comply with the law.

At a recent session of the grand jury Van Valkenburg was indicted for the illegal sale of a patent right. T. M. Offutt and John A. Titsworth represent Hilligoss in the damage suit.

In another batch of votes announced today in the Cincinnati Enquirer straw ballot, Hughes beat the president. In an installment from Indianapolis, Hughes ran only one ahead. Goodrich, on the state ticket received one more vote than Adair. In the senatorial race Taggart led, New was second, Kern third and Watson last. Hughes gained the support of five men who voted for Wilson four years ago. He did not lose a Taft vote. Of the progressive vote, six went to Hughes and one to Wilson. Goodrich gained six in the switching of votes.

Wilson cut down Hughes's lead by 18 in another batch of Jeffersonville votes. Adair beat Goodrich by 16. Kern led in the race for senator, Taggart was a close second, and Watson third. Hughes did not lose a Taft vote, but gained one from Wilson. Six progressives voted for Hughes and two for Wilson. On the state ticket Goodrich gained seven in the change of vote.

penniless. It is understood that Ziedman and Pollie, Baum's employers, are paying the funeral expenses here.

How the state workmen's compensation law would work in this case was debatable. The local committee was not the employer of Baum in any sense of the word as its contract was with Ziedman and Pollie. It was stated by some that Ziedman and Pollie could not come under the operations of the law because they have not been in the state 30 days. They came here from Greenville, O., a week ago.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous membranes of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine bases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

The Centennial

The Centennial celebration has come and gone, much to the satisfaction of those on whose shoulders rested the burden of the responsibility, but much to the disappointment of the thousands of Rush county people who enjoyed the week thoroughly.

The most commendable thing about the week's observance, of course, was the immense display of reliques. The average person was astonished, indeed, almost startled, by the immensity and the high class of the exhibit. That there should be so many old curios in dusty attics, curios stuck up in dusty attics, or in the bottom of old trunks, of Rush county homes, was a revelation, not only to those who enjoyed seeing them, but to the committee which began about a month ago to comb the county for interesting pieces that antedated the present generation.

That the committee succeeded beyond its fondest expectations is realized. The committee no more than the ordinary person realized what a task was ahead when the hunt began. But for the co-operation of the people of the county, the display could not have been the

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example.

Samuel A. Brown, 206 Pearl St., Rushville, says: "I had a severe attack of backache and it became worse every day. Finally, the trouble was so bad that I could hardly raise my foot above the ground. When I stopped I thought my back would break. I used Doan's Kidney Pills and was very much surprised at the prompt way in which they stopped the trouble. In a few days, I was free from pain."

rich success that it was. Everyone worked with a unanimity of purpose that brooked no hindrance and knew no such a thing as failure. Some few of the relics were literally "dug up" by the committee, but the majority of them were very kindly taken to the committee. The efforts of the members of the committee from each township were deeply appreciated.

While there have been suggestions that a Rush county museum be arranged in the court house since it has been found there are so many valuable curios in the county, no one has yet suggested the formation of a county historical society. There should first be an organization to further the museum cause and to have as its sole interest the preservation of the relics in the county.

Henry county has an historical society which has been organized for several years and does effective work along this line. The outgrowth of the Centennial celebration held by Shelby county has been the formation of an historical association.

All things worked to make the week a pleasant one that will be remembered for many years to come. The weather did not mar anything and the thousands of people who journeyed to Rushville were well entertained.

Nothing during the week was more commendable than the drawing of prizes offered by the merchants of Rushville, which disclosed their interest in the county, and that they

are not at all selfish but stand ready

and willing at all times to do what

they can to advance the interests of

the city and county.

Hughes Answers Crowd.

Gov. Hughes struck out straight from the shoulder when a heckler in his audience at Louisville demanded to know what he would have done when the Lusitania was sunk. After some difficulty with the audience which wanted to throw the heckler out Hughes succeeded in quieting it

by replying: "Sir, I would have had the State Department, at the very beginning of the Administration, so equipped as to command the respect of the world. Next, I would have so conducted our affairs in Mexico as to have shown that our words

meant peace and good will and protection of the lives and property of American citizens. And when I said 'strict accountability' every nation

would have known that I meant it;

and finally, when notice was published regarding the action threat-

ened I would have made it known in

terms unmistakable and unequivocal

that we would not tolerate a contin-

uation of diplomatic relations if the

threat were carried out."

It is not surprising to learn that the candidate's audience went wild with enthusiasm, that, as one correspond-

ent describes it, "at Mr. Hughes' last

word there came something more

than a roar—it had a wilder, more

hysterical quality—it was like a

hysterical yell, and it lasted for sev-

eral minutes, while thousands of men

hammered each other on the back

and threw their hats in the air and acted like men gone slambang crazy."

And the demonstration was tremendous not because of the words, but because his hearers believed that he meant what he said and knew that had he been President, the Lusitania would never have been sunk. As President Wilson was saying at Indianapolis, almost at the

same moment, "speeches are interesting in proportion as the people who hear believe what the speaker says."

Those German submarines are getting entirely too frisky. It is quite inconsiderate of them to come snooping around chasing icicles up and down our official spine. Besides, it is bad for our digestion, disastrous to our dignity, and a general nuisance all around. Go back and get under.

The belligerent nations want us to feed them, and they all want to kick us, and that's about all we can expect from them and it's quite all we will get from them.

Everybody should be prosperous in Rushville. All we have to do is to work hard, save our money, and keep on smiling—and it's all easy to do.

Failing in his efforts to get rid of General Pershing First Chief Caranza announces his determination to put an end to bull fighting.

One way to be sure of having anything you want is never to want what you can't get.

We note, with tears, that the high cost of living still remains the high cost of living.

SAYS GOVERNMENT WILL OWN ROADS

Secretary of Preparedness Committee Declares Uncle Sam Will be in Business in Ten Years.

IS PINCHOT'S ORGANIZATION

(By United Press.)

Washington, Oct. 16.—Uncle Sam is going into the railroad business within the next decade, according to Benjamin C. Marsh, New York, executive secretary of the real preparedness committee of the Inter-collegiate Socialist Society, an organization backed morally and financially by Amos Pinchot.

"Every railroad in the U. S.—252,000 miles of them," said Marsh today, "will pass from private ownership within ten years to be operated in the interests of the public instead of the interstate privilege.

The railroad capitalists, being human, wish to get high prices for rain water. It is our mission to squeeze all the water out of the roads before the Government takes them over."

Declaring ultimate Government operation of all roads, inevitable, Marsh said, "the real problem is to see that the properties are not unloaded on the public at more than their actual value."

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering from female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ills, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

He Got a Hough.

The agricultural education that we hear about should not be confined to the country. The city needs it too. A man went into a Boston department store one day and asked for a hoe. The young woman at the counter passed him a trowel and, finding that it was not what he wanted, asked him to pick out a hoe from the pile of garden tools. He did so. Then the saleswoman made out the slip, "One hough, 75 cents."—Youth's Companion.

ELEPHANT BUTTE DAM IS OPENED

Two Hundred Thousand Acres of Land Added to Acreage With Opening of Dam.

IS THE LARGEST IN THE WORLD

Is Mass of Concrete and Steel Thrown Across the Rio Grande —Large Lake Formed.

Elephant Butte, N. M., Oct. 16.—When the golden key which started the waters of the Rio Grande river flowing through the spillways of the great new Elephant Butte dam was turned a few days ago 200,000 acres of fertile land in the chain valley in New Mexico, Texas and Old Mexico were added to our acreage. The dedicatory exercises were held here at the dam, about 125 miles up the river from El Paso and about 175 miles below Albuquerque and marked the completion of the Reclamation service's greatest project, one of the most pretentious of its kind in the history of the world.

The Elephant Butte dam is a mass of concrete and steel thrown across the Rio Grande river on the desert of New Mexico at the point where a great rock, shaped like a mastodon elephant, seems to drink from the Rio Grande. This giant impounding dam has formed the largest irrigation reservoir in the world. More than forty-five miles in length and eight miles across, the lake stores the melted snows of the Colorado and New Mexican mountain ranges and these waters are allowed to flow through the spillways of the dam when the land needs moisture. At the conclusion of the elaborate dedicatory exercises, the first session of the Twenty-third International Irrigation congress was held at the dam.

The dedication of Elephant Butte dam today is an event of worldwide importance, said James G. McNary, chairman of the Board of Control of the Irrigation Congress. "It will justify the faith of the people of the southwest, who have staked their all on the fertility of the soil and the ability of the project to carry waters to the lands when most needed. It will reward the pioneer men and women of the lower Rio Grande valleys from Albuquerque to Old Mexico.

SAYS EMERGENCY IS STILL EXISTING

President Wilson Declares That There is Yet Need for the Militia on the Border

AGGRESSION SEEMS LIKELY

(By United Press.) Ashbury Park, N. J., Oct. 16.—Conditions in northern Mexico are so improved that the government will soon be able to do more in relieving militiamen on the border, President Wilson declared in a letter to Governor Whitman. At present, however, state troops will remain "as the emergency that led to the call of the militia was the possibility of aggression from Mexico and the protection of our frontier, still exists," the president wrote.

The emergency still unhappily exists and I am advised by military men that the withdrawal of the militia any time and including the present would, in all human likelihood have followed an aggression from Mexico enhancing the lives and property of Americans."

The association, with headquarters at Albany, N. Y., is a federation of 562 anti-cruelty societies. Last year the federated societies investigated and cared for cases of cruelty involving 212,215 children and 2,394,721 animals.

MANY FEATURES ARE ON PROGRAM

Wayne County Centennial, Opened Today, Offers Historical Pageant Each Night.

BOYS HAVE IMPORTANT PART

(By United Press.) Richmond, Ind., Oct. 16.—Richmond, the last city in the state to swing in line with the observance of Indiana's Birthday, today began a combined centennial and fall festival celebration.

One episode in the history of Wayne county will be portrayed each night. One of the features of the entire celebration will be the presentation by a chorus of pretty girls of styles worn in Richmond from 1816 to 1916.

Boys of the junior municipality will depict the founding of the city, while many young men and young women, Quakers by birthright, will show the beginning of their religion here. Henry Clay's memorable utterance made at Centerville, 6 miles west of here which caused his defeat in the race for the presidency will be repeated.

Samuel Mendenhall, 80, of Fountain City, son of Hiram Mendenhall will see one of the young men in the pageant impersonate his father, who presented the petition bearing thousands of signatures to Clay, asking him to free the slaves if he became president.

ARSON CASES ARE STARTED

State Fire Marshal's Office Backs Proceedings at Hartford City.

(By United Press.) Hartford City, Ind., Oct. 16.—Four persons were scheduled to appear in Circuit court here today for trial on the charge of arson brought by Garrett Fox, of the State Fire Marshal's office.

The four are: Andrew J. Wiley and his divorced wife, Mrs. Emma R. Wiley, Hector McQuarrie and M. D. Poole.

They are charged with attempting to burn a store at Montpelier in order to defraud two insurance companies.

The police are still looking for the underwear and the man.

IMPORTANT PART FOR WOMEN

(By United Press.) Indianapolis, Ind., Oct. 16.—The Central Passenger Association's action in granting a rate of half fare and 25 cents on the certificate plan is expected to materially increase the attendance at the Farmer's National Congress here October 17-20. The Congress annually draws an attendance of close to 2,000 of the country's progressive farmers, and such matters as are of national importance to the rural and farm population, are given consideration by the program.

One of the interesting facts in connection with their Congress is the part women will have in the program. The afternoon of Oct. 19 the women, under direction of Mrs. Margaret F. Chamberlain, president of the International Congress of Farm Women, will have an entire session to themselves.

Mrs. Scott Durand, of the Crab Tree Farm, Illinois, a woman who is managing an orchard farm reputed to be worth \$10,000 a year net, will talk to the men of the congress at the night session Wednesday. Her subject is "Experience with the Foot and Mouth Disease." Some farmers, it is understood, have not found it necessary to destroy cattle so afflicted, but have been able to cure them, though in many instances only to find the cattle were worthless thereafter.

IS KILLED BY A FALLING ENGINE

Lewis Baum, Age 24, Electrician With Ziedman and Pollie, Meets Death Early Sunday

EVERY BONE IN HEAD BROKEN

Earl Hall, Age 30, Fellow Workman, is Seriously Hurt—Widow and Two Children Here

Lewis Baum, 24 years old, electrician of the merry-go-round of the Ziedman and Pollie carnival company, which showed here last week, was instantly killed and Earl Hall 30, a fellow workman was seriously hurt early Sunday morning when the heavy engine of the merry-go-round slipped from the skids and fell on them as it was being loaded into a car near the Big Four station.

The engine was being placed in a car preparatory to being shipped to Greensburg. The front part of the engine had just reached the car door when the skids slipped and the weight of the engine was so heavy that the workmen could not stop it from falling and Baum was caught in the crush. He had his back and shoulders to the engine, pushing and when the engine fell he was caught and pushed over on his face, the weight of the engine falling on his head.

His skull was mashed almost to a pulp and death was probably instantaneous. The engine weighed about 3,500 pounds. Hall, his companion, was struck on the head and shoulder but his injuries will not prove fatal unless something unforeseen develops. Hall was rendered unconscious and for a time it was believed that he was fatally hurt. He was removed to the home of Harry Pea in West First street. Hall spent a good night and was able to sit up today.

Hall's home is in Grand Rapids, Mich., and his wife who travels with him was at his bedside. The case of Baum is pathetic and his death cast a deep gloom over the other members of the carnival company and the community. He is survived by his widow and two children, who were here with him.

Efforts thus far to locate any of Baum's relatives have failed. He was born in Sheboygan, Wis., and until three years ago his parents lived there. A message was sent to Sheboygan Sunday and it was learned that his parents moved from there about three years and their present whereabouts is unknown.

Since leaving Wisconsin Baum had resided in Pennsylvania, for several years had traveled with carnival companies and had been with the Ziedman and Pollie company for some time. He was an expert workman and was well liked by all of the people connected with the company.

Coroner Green conducted an investigation yesterday, but has not yet made his verdict. He will probably find that the accident was unavoidable as no blame is attached to any of the fellow workmen. The same method of loading the engine had been followed in the past. Baum, standing with his back to the engine, had no chance to escape when the skids slipped under the weight.

Baum's funeral was held at 2:30 o'clock this afternoon in the chapel at George C. Wyatt and company's store. Burial took place at East Hill. The executive committee of the Centennial sent flowers and several of them and other business men called on the bereaved widow Sunday afternoon. A number of merchants attended the funeral this afternoon.

Arrangements are being made to send the widow and two children to Craigmont, the insane hospital at Madison, from here, died there today, and the remains will reach here tomorrow. Three sons survive.

Eli Frost Expires of Double Pneumonia and Paralysis

Eli Frost, 85 years old, died late Saturday night at the home of his daughter, Mrs. C. E. Clifford, near Orange, following a brief illness from double pneumonia and creeping paralysis. Mr. Frost is survived by four children. Homer Frost of Cleveland, O., Emerick Frost of Seattle, Wash., Mrs. Elsworth Cole of Pittsburgh and Mrs. Clifford. The funeral services were conducted this afternoon at the Clifford residence and burial took place near Connersville.

Widow of Late John L. Williamson Expires After Critical Illness of Several Days

FUNERAL TO BE TOMORROW

Mrs. Mary Williamson, 78 years old, widow of the late John L. Williamson, died last night at her home in North Main street, following an illness of several years. Mrs. Williamson had been in a critical condition for some time suffering from semilysis and death was not unexpected.

Mrs. Williamson was well known and had been a resident of this county practically all her life. She is survived by three sons, Albert, Joseph and Jesse B. Williamson. She is also survived by one granddaughter, Mrs. Herschell Gilson of Center township. The funeral services will be conducted Tuesday afternoon at two o'clock at the late residence and burial will take place in the Raleigh cemetery.

TWO NEGROES ARE LYNNCHED TODAY

Frank Kingley, Who Assaulted Woman at Paducah, Ky., One to Feel Mob's Wrath

POLICE EFFORTS UNAVAILING

(By United Press)

Paducah, Ky., Oct. 10.—Frank Kingley, negro, identified by Mrs. Etta Rose as the man who attacked her last Friday and Jesse Thornhill, a negro who said he would have done the same thing, were taken from jail by a mob of 2,000 men today and hanged. Their bodies were burned.

Entrance to the jail where Kingley was held was gained by sledgehammers when the mob overcame the patrol of the police which had been thrown about the place to protect the prisoners.

Judge Reed addressed the mob, which gave him a hearing, and then went about his work. Kingley was arrested by the Paducah police who tried to keep it a secret but a crowd soon formed about the jail.

A patrol was thrown about the jail by order of Judge Reed but the police made little resistance because they realized there would be bloodshed. After getting the prisoners the mob took them to Mrs. Rose's home for identification. From there they were taken to the outskirts of the city.

DIES AT CRAIGMONT.

Mrs. Elizabeth Pea, who was sent to Craigmont, the insane hospital at Madison, from here, died there today, and the remains will reach here tomorrow. Three sons survive.

REPUBLICANS TO TOUR COUNTY

Climax Will Come at Night With Address by Congressman W. E. Humphreys of Washington

CARAVAN SPLITS AT MILROY

Half Goes East and Half to West, Joining at Carthage—New, Comstock and Others

One week from today Monday Oct. 23, the republicans will tour the county and on that night a monster meeting will be held in this city. All of the arrangements have been completed. The same plan will be followed as used two years ago. Speakers on the tour will include Harry S. New, republican candidate for senator, Judge D. W. Comstock, candidate for congress, Edgar Bush, candidate for lieutenant governor, Arthur R. Robinson and others.

The night meeting to be held at the Graham Annex auditorium will be addressed by W. E. Humphreys, congressman from the state of Washington. This will be one of the largest meetings of the campaign. In addition to this array of speakers, Montaville Flowers a platform lecturer and chautauqua speaker of note will be the principal speaker at the Carthage meeting at two o'clock that afternoon.

The auto caravan touring the county will leave here at 9:30 o'clock next Monday morning, making Milroy for the first stop at ten o'clock. At Milroy the party will divide, one half going westward through Moscow and the other half circling to the east through New Salem, Glenwood, Falmouth, Raleigh and Mays. The western branch will make stops at Moscow, Homer, Manilla and Arlington.

Both divisions will meet at Carthage. At two fifteen o'clock Mr. Flowers will address the Carthage meeting. From Carthage the fourists will come to this city where the republicans from all over the county will unite in hearing Congressman Humphreys of Washington.

The speakers will divide at Milroy so that the people of all the towns will hear good addresses. The afternoon meeting at Carthage promises to be one of the best of the campaign. Mr. Flowers is an orator of note and consented to make a few addresses in this state in behalf of the republican ticket. Chairman Riggs was fortunate in securing him for this county.

The county tour will be one of the big things of the campaign but the campaign is not to end or start with this. Tomorrow night Ed Toner of Anderson, a progressive in 1914, will address a meeting at Falmouth. Mr. Toner is an effective speaker and a large crowd is promised. Judge Harvey of Indianapolis will also speak at Mays. On Wednesday night F. E. Jaynes of Wabash will speak at Carthage. A. J. Ross and Judge Harvey will speak at New Salem Thursday night.

On Oct. 26 Gurley Brewer of Indianapolis will deliver a political address to the colored people of this city and on the following night, he will speak at Carthage. Brewer is one of the best colored orators in the state and a large crowd is sure to hear him at both of these meetings.

ALL IS ADJUSTED HOWEVER

Six Persons Forfeit Prizes by Not Being Present—Three Win Two Prizes Each

There were many misfits in the drawing of merchandise Saturday afternoon, but all was satisfactorily adjusted when it came to settlement with the merchants. Women persisted in winning men's suit and shaves and haircuts, and men seemed to have a hankering for silk hose and the like. Only six persons forfeited their right to prizes by not being present and only three won more than one prize.

J. Hooker Wilson was second at Hargrove and Mullin's and at Norris and Flint's. Mrs. Alva Newhouse was second at Oneal's and Cosand's. Fern Finley won prizes at Joe Dickman's and Comella's shoe shop.

Lillian Jones won a hair cut and shave at the Arende barbershop but was not present and it went to a man. Margaret McDaniel lost sixth at Oneal's by not being on hand. Mrs. Charles Todd took first at Norris and Flint's, entitling her to a haircut, shave, shampoo and tonic. Estella Roth's name was first out of the Weeks' ballot box, but she did not answer her name.

A woman was bound to have the O.P.C. II. suit or overcoat. Lorine Bird won it first, and when she did not respond, another name, Mrs. W. H. Reeves, was called. Cary Jackson lost the prize at Allen's by not being present and the same thing happened to Earl Mariatt at Havens' grocery. Will Joyce won fifth at Comella's but wasn't there. Ben Adams took the prize at Aldridge's but did not answer to his name.

B. W. Riley won a pair of silk hose at Horatio Havens and J. Frank Mauzy took the prize of a plume at Plough's. Reba Beale is entitled to a haircut, shave, shampoo and tonic at Winbourne's because she won first. S. L. Newhouse won a woman's silk union suit at Callahan's. FIRST WOMAN TO BE MEMBER OF THE BAR

Mrs. Beulah Staples Stevens is Admitted as an Appreciation of Her Services.

DEPUTY CLERK FOUR YEARS

The Rush County Bar association has a woman member, the first in the long history of the association. Mrs. Beulah Staples Stevens, deputy clerk of the court, was this morning admitted as a member and sworn in by Judge Sparks.

The motion was made by Frank J. Hall and the action was not expected on the part of Mrs. Stevens. She was at work in the clerk's office and the court sent the bailiff for her. The action was a surprise, but she met the occasion by sending out for apples and cigars, which were passed around to the attorneys witnessing the ceremony.

Mrs. Stevens has no intention of practicing law and the honor came as a tribute for her services during the past four years. Clerk Taylor and his deputy will retire on December 1st.

DECLARES LAW WAS VIOLATED

Cyrus Hilligoss Brings Suit Against R. T. VanValkenburg and J. M. Neal for \$3,000.

PATENT RIGHT IS INVOLVED

Cyrus Hilligoss has filed suit against Randall T. VanValkenburg and John M. Neal, demanding damages in the sum of \$3,000. The complaint for damages is based on the sale of the patent right to a gate. It is alleged that on June 13, 1913, the defendants, who were traders and speculators, sold Hilligoss the patent right to a farm gate. In payment he is alleged to have given two notes, one for \$2,000 and the other for \$550 and to secure payment his wife, Lillie Hilligoss, executed a mortgage on her farm.

It is alleged that the defendants did not comply with the law which specifies that in selling a patent right papers must be filed with the clerk of the court. The complaint states that on August 7, 1913, the defendant sold the notes to B. F. Miller at a discount and that Hilligoss, in taking up the notes paid Miller approximately \$2,650. He claims he was damaged in the sum of \$3,000 because the defendants did not comply with the law.

At a recent session of the grand jury Van Valkenburg was indicted for the illegal sale of a patent right. T. M. Offutt and John A. Titsworth represent Hilligoss in the damage suit.

Mrs. W. E. Clark has returned to her home in Indianapolis after a visit in this city with Mr. and Mrs. U. G. Bever and attending the cen-

tral annual meeting in Bayonne, N. J., Oct. 16. Fifteen hundred striking Standard oil workers meeting in fiery session today voted to remain out, but decided to appoint a committee to talk with the company.

The session resulted in one arrest. The leaders of the revolting men attacked the police, "for not giving the workers a square deal."

Miss Henrietta Coleman, Miss Charlotte and Miss Mary Sleeth, Earl Marlatt, Perry Oneal and Fred Vap-Nuys motored to Falmouth Saturday evening, where Mr. VanNys spoke.

Miss Wilma Bever of Indianapolis has returned after spending the week with her parents, Mr. and Mrs. U. G. Bever and attending the central annual meeting. Miss Bever has been taking

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ills, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

Then the saleswoman made out the slip, "One hough, 75 cents."—Youth's Companion.

ELEPHANT BUTTE DAM IS OPENED

Two Hundred Thousand Acres of Land Added to Acreage With Opening of Dam.

IS THE LARGEST IN THE WORLD

Is Mass of Concrete and Steel Thrown Across the Rio Grande —Large Lake Formed.

Elephant Butte, N. M., Oct. 16.—When the golden key which started the waters of the Rio Grande river flowing through the spillways of the great new Elephant Butte dam was turned a few days ago 200,000 acres of fertile land in the chain valley in New Mexico, Texas and Old Mexico were added to our acreage. The dedicatory exercises were held here at the dam, about 125 miles up the river from El Paso and about 175 miles below Albuquerque and marked the completion of the Reclamation service's greatest project, one of the most pretentious of its kind in the history of the world.

The Elephant Butte dam is a mass of concrete and steel thrown across the Rio Grande river on the desert of New Mexico at the point where a great rock, shaped like a mastodon-like elephant, seems to drink from the Rio Grande. This giant impounding dam has formed the largest irrigation reservoir in the world. More than forty-five miles in length and eight miles across, the lake stores the melted snows of the Colorado and New Mexican mountain ranges and these waters are allowed to flow through the spillways of the dam when the land needs moisture. At the conclusion of the elaborate dedicatory exercises, the first session of the Twenty-third International Irrigation congress was held at the dam.

"The dedication of Elephant Butte dam today is an event of worldwide importance," said James G. McNary, chairman of the Board of Control of the Irrigation Congress. "It will justify the faith of the people of the southwest, who have staked their all on the fertility of the soil and the ability of the project to carry waters to the lands when most needed. It will reward the pioneer men and women of the lower Rio Grande valleys from Albuquerque to Old Mexico."

MANY FEATURES ARE ON PROGRAM

Wayne County Centennial, Opened Today, Offers Historical Pageant Each Night.

BOYS HAVE IMPORTANT PART

(By United Press.)

Richmond, Ind., Oct. 16.—Richmond, the last city in the state to swing in line with the observance of Indiana's Birthday, today began a combined centennial and fall festival celebration.

One episode in the history of Wayne county will be portrayed each night. One of the features of the entire celebration will be the presentation by a chorus of pretty girls of styles worn in Richmond from 1816 to 1916.

Boys of the junior municipality will depict the founding of the city, while many young men and young women, Quakers by birthright, will show the beginning of their religion here. Henry Clay's memorable utterance made at Centerville, 6 miles west of here, which caused his defeat in the race for the presidency, will be repeated.

Samuel Mendenhall, 80, of Mountain City, son of Hiram Mendenhall, will see one of the young men in the pageant impersonate his father, who presented the petition bearing thousands of signatures to Clay, asking him to free the slaves if he became president.

PASSENGER RATE TO HELP ATTENDANCE

Action of Central Passenger Association Will Aid to Farm Congress.

IMPORTANT PART FOR WOMEN

(By United Press.)

Indianapolis, Ind., Oct. 16.—The Central Passenger Association's action in granting a rate of half fare and 25 cents on the certificate plan is expected to materially increase the attendance at the Farmer's National Congress here October 17-20. The Congress annually draws an attendance of close to 2,000 of the country's progressive farmers, and such matters as are of national importance to the rural and farm population are given consideration by the program.

One of the interesting facts in connection with their Congress is the part women will have in the program. The afternoon of Oct. 19 the women, under direction of Mrs. Margaret F. Chamberlain, president of the International Congress of Farm Women, will have an entire session to themselves.

Mrs. Scott Durand, of the Crab Tree Farm, Illinois, a woman who is managing an orchard farm reputed to be worth \$10,000 a year net, will talk to the men of the congress at the night session Wednesday. Her subject is "Experience with the Foot and Mouth Disease." Some farmers, it is understood, have not found it necessary to destroy cattle so afflicted, but have been able to cure them, though in many instances only to find the cattle were worthless thereafter.
